Makeup Artists and Hairstylists Branch Governors

The motion picture THE DRESSMAKER has been discussed by the Makeup Artists and Hairstylists Branch members of the Academy of Motion Picture Arts and Sciences as a picture with strong Makeup and Hairstyling work to be considered. We are writing to you as part of an information gathering process to help determine which individuals are most responsible for the achievement under consideration.

Special Rules for the Makeup and Hairstyling Award

Makeup and hairstyling refer to any change in the appearance of a performer's face, hair, or body created by the application of cosmetics, three-dimensional materials, prosthetic appliances, or wigs and hairpieces, applied directly to the performer's face or body. Makeup and hairstyling, as achievements or crafts, shall be determined by the Makeup Artists and Hairstylists Branch Executive Committee. No more than two statuettes will normally be given in the Makeup and Hairstyling category. On occasion, a third statuette may be awarded when there are three primary and essential contributors to the achievement.

To be eligible for nomination purposes, a makeup artist or hairstylist must:

1. Be involved in the design, creation and supervision of the achievement under consideration and actively and physically participate in the hands-on makeup and/or hairstyling application during makeup and/or hairstyling tests and camera tests.

or

2. Be involved in the daily hands-on application and supervision of the makeup and/or hairstyling achievement.

To assist the Academy in properly identifying the individual(s) most responsible for the achievement noted, we are asking for your input. Please complete the following in detail on a separate sheet:

1. The makeup artist(s) and hairstylist(s) most responsible for the overall look of the film.
2. Each key individual's involvement and contribution.
3. Brief description of the makeup and hairstyling procedures used.
