**EMAIL: [foodforfilm@bigpond.com](mailto:foodforfilm@bigpond.com)**

### **INFORMATION:**

Keith Fish has trade qualifications, has cooked in a variety of restaurants and catered to the film industry for over thirty years. He has worked on more than 100 films and television shows in that time, both in Victoria and interstate.

The kitchen in which Keith and his staff work is a mobile facility, measuring 8 meters long, 3.5 meters wide and 4 meters high, an 11 Tonne Hino, built to commercial standards, is Health Department registered, is H.A.C.C.P. approved and registered with Gas Safety.

We carry a fresh daily supply of water and don't require sullage pumping. We have gas and electric appliances. L.P.G is carried on board and 240 volt power supply is required for lights and fridge, and three phase power for larger shoots. Water-filled Bain Maries and Chaffing Dishes are used during meals to ensure food remains hot for the entire service.

The staff are professional in their approach to the industry, have a friendly attitude towards crews, are sensitive to their dietary requirements and are experienced in a variety of cooking disciplines. Kitchen service is supplied, as required, on location for the entire shooting day.
