**EDUCATION & TRAINING**

<u>Interior Design and Decoration</u> – RMIT	2004
<u>Fine Arts</u> – Claremont School of Fine Arts	1992

---

**A LITTLE TASTE OF ME**

I have been working in the film, events and advertising industries in Australia and internationally. Creative and artistic endeavours are my passion and are complimented by my organisational and communication skills built up through my production background.

In both my professional and personal life I continually live and breathe colour, design, interiors, architecture, nature, style, mood, lighting and presentation in all my surroundings. This is my craft and devotion and I draw upon all of my experiences and knowledge to fulfil a brief and create a unique scene.

Further to set styling, props buying, and interior decoration, I create models of various scales and materials. I can forward an online folio of my work upon request.

---

**Referees given upon request**
