I have spent more than 25 years working consistently as a Key Grip / Dolly Grip in the Film Industry, both in New Zealand and Australia. I have a wealth of knowledge behind me and am incredibly confident in all aspects of Gripping. I can work with any team or autonomously as required. Learning and the pursuit of knowledge is a life long journey. I see myself as a life long learner and strive to build upon my knowledge in order to enrich my Gripping skills. I have recently teamed up with Glenn Arrowsmith (G Force Film Services) and we can now supply a large amount of equipment to suit all sized jobs.
