An outdoor adventurer, music collector, art creator, & technical nerd.

With over 16 years experience working on most things mentionable,

No set unacquainted, working in both broadcasting & film.

Big budget Hollywood flicks, to friends 'no budgets', World Cups, to local leagues.

Quietly confident and happy to help.

An assertive worker who steers away from stress,

Devising solutions to problems before problems exist.

Easy going with a dry but warm sense of humor.
