Brief Bio

Fior has a love of all things fashion and art, with a start in fashion at a very young age. After completing a bachelor of Fashion Design, and working for high end Australian fashion designers, as well as creating a clothing label of her own, she made the progression to the film industry working in all areas of costume to gain experience across feature films, drama and advertising. Fior now has over 17 years of experience in costume, currently focusing on tv commercials and stills. Holding the same passion as when she started, she is capable of working on small scale productions with limited budgets, to large productions styling hundreds of cast.

Skills

Costume design, fashion design, textile design and print, pattern making, sewing and construction, cutting, costume art finishing, efficient buying and budget management
