

# ROB SUMMONS

## PRODUCTION RUNNER

No task is below me. I'll do anything to help a production run smoothly and thrive on any opportunity to step into another role. I'm well organised and take any lull on set as an opportunity to create less work later and help others be better prepared for unseen circumstances.

I also love the work. This allows me to be calm and within my comfort zone on set as well as communicate clearly and warmly with everyone from agency to unit.

## TVC
