

HELLO,

I'm Nick and since moving back to Melbourne I have enjoyed the opportunity to work with many talented & professional people.

I pride myself on being reliable, diligent and discreet. I believe it is important to present well professionally; to apply both common sense and lateral thinking when presented with a task, be it challenging or routine.

FUTURE OUTLOOK

Although I have a "can do" mindset I recognise there is always more to learn; better ways to adapt, update or change. I am progressively learning my way around crew contracting & budgeting. Next on the list will be cast contracting whilst continually enhancing my people & time-management skills.
