## ABOUT ME

Over the past few years, I've strived to make my mark in this immensely energized world of film and television.

I take pride in coming to work every day with an enthusiastic attitude and a strong sense of problem-solving, ready to tackle the industry's fast-paced nature. All while relishing in the team environment and creating strong bonds with the broader crew. I am eager to learn more about the world of filmmaking and open to expanding roles to do so.
