I've found a real passion working on set as a standby. I feel very lucky to have a job that I get to enjoy coming to work every day. Although I enjoy all aspects of the Art Department, on set is where I have really found my groove. With my family also in the film industry I have been around sets all my life and feel very comfortable.

I am a fast learner and am willing to give anything a go.

I have worked Production and Costume roles before and have enjoyed them but love working in the Art Department especially as a Standby.

I am based in Melbourne but more than willing to travel for work.
