Since graduating from Sydney Film School with an Advanced Diploma in Screen & Media in 2012, I have worked consistently in a full time capacity at various Production Companies. Starting in Sydney at Filmgraphics Entertainment, onto Eight (previously 8com) before coming home to Melbourne and settling at Sweetshop as their in-house Production Manager for four years, before making the leap into Freelance life in 2020.

A tireless work ethic, a fierce eye for detail and a vehement belief in strong, honest + respectful relationships with both crew + suppliers - I take great pride in my work + the part I play in the greater production.

- Adobe Creative Suite (ninja level skills at PPM docs)
- Showbiz Budgeting (data input goddess)
- Microsoft Office (spreadsheets are life)
- Working With Children Check (current)
