To whom it may concern,

I am a 44 year old rigging grip with over ten years in film/ tv and approximately 19 years in staging live music. I'm a fully licensed rigger/dogman with WP, LF, CN and red card tickets plus I also have my license's in all manner of earth moving equipment . I usually work in the music festival industry over the summer months and film for the rest of the year. I started off my career in construction as a labourer and quickly became a leading hand in form working on such projects for eg; Dimaru (melbourne central shopping centre) and the city link tunnel, both Burnley and Domain tunnels which is also where I first started rigging.

I then got into set building and lighting working mainly in corporate gigs amongst a few gigs for channel 9 and 7 which led me to movies such as Ghost Rider and Pacific all whilst production rigging and stage touring festivals such as Big Day Out, Livid, Stereosonic, Future Music, Soundwave, Splendour, Parklife, A Day On The Green, Falls ...

I started working for Tri Point Rigging when I Frankenstein started and ended up HOD on the pick ups for it. Not long after that I became the manager of Tri Point Melbourne and remained in that position until 2016 when I went onto The Leftovers in rig lx. Prior to this I worked on numerous films and tv via Tri Point, for eg, Winners and Losers, Master Chef, too many ABC dramas
