

Director of Photography

Brad Francis 0403089143

Brad has always been an image creator, studying Visual Arts and Photography in the 90's and moving into film/TV in 2000. He earned his first industry stripes in Adelaide on the successful Aussie TV Drama 'McLeod's Daughters' and feature films including "Travelling Light" and "3 Dollars".

Over 16 years in the industry has given Brad a solid well of knowledge and experience to draw from as a Cinematographer. He has worked with some of the best in the business and learnt the skills that can never be taught in a classroom, skills that come from dealing with the pressures of failing light, the craziness of international productions and how to make it look good on a non-existent budget.

Brad has won a number of awards for his work, "Best Cinematography" in Soundkilda 2015, a nomination in St Kilda Film Festival 2104 as well as 5 Gold and 5 Silver Australian Cinematography Society Awards over the last couple of years. See Brad's work at his website: www.singlesuntheory.com
