Production Manager / Production Coordinator / Location Manager

OVERVIEW

Extensive experience in television commercials, content, experiential advertising, and stills photography production, working with domestic clients, as well as regular international clients representing global brands and markets. One of my key strengths is my pragmatism, and a 'no problem is too big' attitude, which helps me keep a cool head and find a solution to any productions requests. As a Melbourne local, I have a real passion for my home city, and have developed good relationships with the local government agencies that facilitate and assist in Film and TV production.

QUALIFICATIONS

Drivers License

Working with Children Check

Proficiency with Microsoft Office Suite and Adobe Creative

Selected TVC work
