

RACHEL RAMSHALL-SMITH

LOCATION ASSISTANT/ ON-SET

I am a dedicated professional with a passion for the film and television industry, specializing in the locations department.

My diverse background, spanning multiple professional fields including photography and hospitality, has equipped me with a versatile skillset which I have honed and specialized in the dynamic world of film and television locations. I offer a unique blend of logistical and creative expertise. I bring a strong work ethic, empathetic leadership, and a commitment to collaboration, believing that a team's strength lies in its ability to work together effectively. Decades spent managing understaffed teams at overfull restaurants has left me with excellent skills in working with people, managing conflict, and de-escalating stress. I'm calm in a crisis, comfortable at a fast pace, and good at keeping people together when things are going pear-shaped.

My education in photography has provided me with a valuable understanding of the visual aspects of production, and I continue to work and exhibit in this medium. Over the years, I have transitioned seamlessly into the on-set locations role, where I have gained invaluable experience in understanding the intricacies of crew dynamics and the efficient functioning of sets.
