## About Eve

I am a qualified accomplished hairdresser and makeup artist and have been freelancing for more than 25 years. My skillset includes wig artistry and SFX make-up.

I began my career in New Zealand, then worked in Europe before settling in Melbourne.

I specialise in image creation - from the Spice Girls to Ex-Premier Dan Andrews. I have worked extensively across all platforms; promotion, stills, TVCs, music, fashion and the events industries.

With my easy-going manner, adaptability and deep understanding of the creative process I can easily adjust to any situation. I am passionate about my work and have a great eye for detail and perfection.
