EXPERIENCE

ART DIRECTOR

Memoir of a Snail

Oct 2022 - Sep 2023

Memoir of a Snail is the new stop motion/claymation feature film from Adam Elliot, Academy award winning director of Harvey Krumpet and Mary and Max. Due to take on the world in 2024!

As Art Director I was responsible for overseeing the construction of all assets including over 200 sets, 200 characters and more than 2500 props. All hand made. Working with my team of over 30 people we hit our target of 80% complete in the 16 weeks of pre-production, and hit 100% well ahead of schedule meaning we had the time to do rebuilds for reshooting.
