PROFILE

With nearly two decades of experience in the film industry, I have had the opportunity to work on a diverse range of jobs, including feature films, television series, and TV commercials. My time in film has provided me with an appreciation of the industry and the opportunity to build a wide network of professional contacts and colleagues. This has allowed me to continue to expand my industry knowledge and build on my expertise in Unit.

From managing transportation logistics to coordinating the movement of equipment and personnel, I thrive in the everchanging environment that the Unit department offers. I also make a very good coffee.
