Sarah Jo Fraser was introduced to the film industry in 2015 employed as an in-house Production Assistant for TVC Production Company EXIT Films in both Melbourne and Sydney, working extensively in Pre-Production and on set with some of Australia's most prolific filmmakers in the commercial world.

From there Sarah Jo pursued her passion for the camera department, beginning with a **technical foundation** in gear preparation working with rental houses such as Offshoot Rentals between 2016-2017 and Lemac Film & Digital between 2017-2018 employed as a Prep Technician. In mid-2017 Sarah received a Film Victoria Camera Attachment on the TV Series *The Wrong Girl S2*, and in 2018 went on to receive a place in the Screen Australia 'Gender Matters' Placement Program on the Feature Film *The True History of the Kelly Gang*, learning from both DP Ari Wegner ACS ASC and the skilled team in the camera department, after which she began working freelance in the camera department full-time.

Sarah Jo believes that the projects which are the most challenging are often the most inspiring, and in turn the most rewarding. To support these often challenging on set shooting conditions Sarah Jo is also an accredited Mental Health First Aider.

Sarah Jo Fraser is available for work in Melbourne and across Australia
