## **EDUCATION:**

1986-88 Bachelor of Arts in Fine Art, Sculpture, RMIT  
1998-00 Post Grad Dip in Art History, Melbourne University

## **PERSONAL:**

I love to collaborate, create and story tell through the visuals of production design. I love detail and love to create worlds of back stories to the characters and spaces we create. Working through the scripts together across all departments, I love the methodical and creative process to finding the most cinematic and visually appropriate design to each scene. I pride myself in being a nurturing team leader, a passionate team player, and a great problem solver.

I love to travel for work and pleasure for fun and this becomes a constant source of inspiration to my own personal artwork as well as my film and tv work. I can work within budgets big and small. I love my job.
