

Hannah Shippen, Camera Department

Melbourne, Australia, 0438 159 502, hannah.shippen@gmail.com

PROFILE

A keen and hardworking camera person, with a broad range of experience within the camera department.

The camera department is where my enthusiasm and work ethic truly shine. I have recently completed a Bachelor degree (Honours) in Film and Television at Swinburne University of Technology, specialising in cinematography. This is where I have honed my craft and obtained a strong and diverse skill set. I am fluent across many Arri cameras, and have an official Arri certification.

I am comfortable working in all kinds of camera teams, and I look forward to learning from experienced professionals.

Drivers License: Full, Victorian

Working with Childrens Check (Victoria)
