Rep'd By [Worldwide Production Agency](#)

A lover of light, colour and movement, partial to darkness too. After studying experimental filmmaking in Australia I lived a few lives while trying to break into this industry, eventually establishing myself as a versatile DoP in the U.K.. Lead DP on award winning Drama TV series, BAFTA Cymru nominated DP on feature length Documentary, and a slate of commercial work, I absolutely love what I do, looking for the story in every frame.

DRAMA
