PROFESSIONAL PROFILE

I am highly skilled in coordination and organisation, bringing precision and adaptability to every project. As a Travel Coordinator at NEP Group, I managed complex travel logistics for the *Network Seven – Summer of Cricket Season 2024*, ensuring smooth execution and cost efficiency. My work on *Neighbours* further sharpened my ability to manage fast-paced schedules, tight deadlines, and cross-department communication. I excel at juggling multiple tasks, anticipating challenges, and delivering seamless support to the creative teams. Whether coordinating flights or facilitating production needs, I consistently bring structure and clarity to dynamic environments, keeping everything and everyone on track. I am eager to apply my organisational expertise to roles that allow me to contribute to the success of creative and logistical teams, whether in fast-paced production environments or on location.
