NORTH MELBOURNE, VIC 3051

## Boom Operator / Sound Recordist / Sound Designer

I am a motivated Melbourne-based sound recordist, boom operator, and sound designer with a fervency to develop new skills, and to work collaboratively to achieve great results in every production I'm a part of. Working across a wide range of projects in Victoria and London has allowed me to refine my technical skills, build lasting industry relationships, and contribute to compelling storytelling. I am deeply invested and experienced in sound department work and approach every role with professionalism, curiosity, and respect for the crew. I value inclusive, supportive on-set environments and strive to contribute positively to every production.

Education	BACHELOR OF FILM & TELEVISION (HONOURS) Swinburne University of Technology	2022 - 2025
