TRANSPORT MANAGER / PRODUCTION MANAGEMENT / WHITE WATER KAYAKER

ABOUT ME:

I have built up a career in the film industry across a range of departments, more recently as a Transport Manager on large scale productions. Being involved heavily with budgeting, logistics and crew management for a department, I'm now wanting to grow further and dive head first into Production Management.

I always have a desire to keep pushing myself professionally and I see Production Managing as a natural progression, an exciting challenge and a great opportunity to build further on an already excellent skill set.
